fixing

Sustainability

Logistics

Our manufacturers are all **located in the UK**, and fulfil orders directly to clients, **cutting out** additional journeys, and **reducing** the carbon footprint.

Our UK-made tea towels are available in **100% Organic Cotton**

At Weekend365 we are very aware of our **responsibilities to the planet**, and also to those **employed in our supply chain**.

We are working towards **maximum sustainability** wherever possible, and we insist on good workplace rights and the **highest ethical standards**.

Packaging

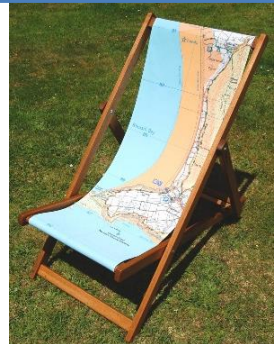

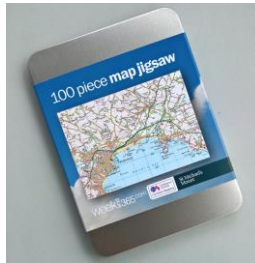

Most of our products are available **without** individual packaging, and where packaging is still useful we are working with partners to find innovative **sustainable solutions**.

Greetings cards are now supplied in **Compostable** and **Recyclable** bags.

Our **mug boxes** are recyclable, and contain **60% recycled plastic bottles**. The card inserts are FSC-certified.

We are also moving to **eliminate plastic** packaging and use more **sustainable** alternatives.

Certification

Our sustainably-grown hardwood **deckchair** is PEFC-certified, and a number of our other products carry FSC certification.
